
European Green Cities Conference
Biomass & District Heating 2004
Friday, 5 November 2004

- 9:15 **Opening** Landerat Sepp Eisl -
- 9:20 **Welcoming** Jens Frentrup, Green City Denmark
- 9:25 **Welcoming** Dir. Dr. Salhofer, Hypo Salzburg
- 9:30 **Welcoming of the host**, Dir. Mag. Hirschbichl
- 9:35 **Programme in Salzburg for reaching the Kyoto-gain**
D.I. Franz Mair, Salzburg Government, office for energy & economy
- 10:00 **District heating/cooling: Greek experiences.**
Mr. K. Theofylaktos, president of the Greek Association for Cogeneration and member of the European Association for Cogeneration
- 10:20 **Biomass usage opportunities in Lithuanian energy sector**
Liudmila Bondareva
- 10:40 **Discussion**
- 11:00 Coffee brake
- 11:20 **Experience from Salzburg Biomass plants and technical innovations**
Dr. DI. Gerhard Löffler, Salzburg Government, responsible for Biomass
- 11:50 **Innovative ideas for Biomass district heating**
Ing. Kaufmann Harald, nahwaerme.at, Graz
- 12:10 **Possibilities of financing and practical experience in social housing projects**
Hypo Salzburg + Salzburg Wohnbau
- 12:30 **Discussion**
- 13:00 Lunch
- 14:00 **The challenge of operating district heating networks efficiently with a consumer interest of minimizing energy costs**
Mr. Erik Christiansen, EBO-Consult, Denmark
- 14:20 **Solar-supported biomass-district heating systems – results from realised projects**
Ing. Josef Schröttner, Arge Erneuerbare Energie Gleisdorf
- 14:40 **Energy-innovations as economic engine for a region**
Ing. Koch, City of Güssing
- 15:00 **Discussion**
- 15:20 Coffee break
- 15:40 **Waste heat from industry in district heating**
MMag. Dr. Thomas Würzburger, Salzburg AG
- 16:00 **Balancing economics and environmental protection in supplying energy to new built residential areas**
Peder Vejsig Pedersen, Cenergia, Denmark
- Experience from running district heating based on large central solar plant**
Mr. Leo Holm, Manager of Marstal District Heating
- 16:20 **Biomass district heating in retrofit – controlling via internet**
Ing. Helmut Meisl, gswb
- 16:40 **Discussion**
- 17:00 End

In the same house is an energy fair with about 20 firms presenting their products around alternative and efficient energy sources (In the Rotunde)

Saturday, 6 November 2004

10:00 – 15:00

Site visits to:

Obertrum: Biomass district heating for a new building area

Koppl: wood sheet heating for a community centre

Wals: ecological electricity in a community
